Dear Parents/Guardians,

It is almost the end of term and we are heading towards the holidays! Thank you so much for welcoming me so warmly to ECE7 and for supporting the dynamic Baynton West program. Your assistance with show and tell news items, working with your children before the siren in morning literacy time, preparing fruit in the mornings and being an extra pair of hands during morning activities is all much appreciated.

I would like to run a short parent information evening next week for ECE7 parents and carers. Claire Copson-Pacal and myself welcome you to attend from 6.00pm until 6.30pm next Monday 19th September in the ECE7 classroom.

Please continue to send one piece of fruit every day for your child to share for fruit time. Crackers are fun to have as a treat on one or two days each week if we have them, however fruit is promoted as the healthy option for this mid-morning brain and body break.

For an activity that will be a part of our HASS program, I would like a baby photo of each child. You may want to send in a photocopy of a precious photo, but only your child will be handling their own photo. We will need to keep the photos for a while, as a display in the classroom.

Regarding our Home Reading homework folders, please continue to sign the reading diary when you hear your child read their book. If you have not signed off on a particular reader, I will assume you need more time to listen and read with your child and we won’t change the book.

Please feel free to see me to clarify any of the above. Many thanks.
