

Dear Parents and Caregivers,

As most of you are aware our assembly is fast approaching in Week 7. We have begun practising our lines in class but will also need your help! Scripts are now being sent home, if you could assist your child in learning their lines this would be greatly appreciated. The students will be performing the procedure of planting a seed and singing a song about the needs of a plant. Please find the link to the song at the following address: <https://www.youtube.com/watch?v=dUBIQ1fTRzI>

The student's performance is linked in with both our Science, HASS and writing program for the Term. Students will work on creating the backdrop and all necessary props in class, although will be required to dress up on the day. It would be great if they could dress up as gardeners, with gloves, and a hat to portray the outdoor look.

Thank you for your support in the above, the students and I cannot wait to share with you what we have been learning!

Kindest regards,

Erin Crocker
Classroom 6 Teacher
