

Dear Parents/Caregivers,

We are very lucky this term to have our assembly in Week 7 on the 29 August. The children have a speaking part which is attached, could you please practise with your child so they feel confident on the day of the assembly. We will be sharing the story of Aliens Love Underpants and singing the song '5 Little Men in a flying Saucer'.

Your child is to dress as an Alien or Astronaut on the 29 August.

### ***Aliens Love Underpants***

A Long time ago in a faraway galaxy there lived Aliens who love underpants of every shape and size. Unfortunately, there are no underpants in space. So, here's a big surprise..... Their spaceship's radar beeps and blinks the moment that it sees a washing line of underpants. All flapping in the breeze. It's not your neighbour's naughty dog or them going up in flames. When underpants go missing The ALIENS are to blame. So, when you put your pants on Freshly washed and nice and clean. Just check in case an alien, still lurks inside, unseen.

If you have any questions or can offer a helping hand, please come and see me.

Kind Regards  
Miss Alyse Greenhow  
ECE 4 Classroom Teacher
