ABC Education

Resources for all ages related to The Arts including Music and Dance.

<https://education.abc.net.au/home#!/resources/-/the%20arts/F-1-2-3-4-5-6>

Chrome Music Lab

Lots of musical activities which can be completed on laptops or tablets.

<https://musiclab.chromeexperiments.com/>

Groove Pizza

Create rhythms and beats.

[https://apps.musedlab.org/groovepizza/?](https://apps.musedlab.org/groovepizza/)

Yousician

The free version of the application allows students to learn to play instruments such as the keyboard, guitar or ukulele if you have these at home.

<https://yousician.com/>

PBS Kids

Great for younger students for creating music in a structured way.

<https://pbskids.org/games/music/>

MusicGames.Net

Music games suited for primary aged students.

http://www.musicgames.net/play_musicgames.htm

Classics for Kids

A range of musical activities including 'match the rhythm' and 'compose your own music' as well as resources for parents.

<https://www.classicsforkids.com/>

Students have been working hard on keeping a beat, rhythms, singing and have been learning about woodwind instruments and places where music exists in class. Students can continue their learning with some of the above activities as well as singing and playing along to music in the home.

Elements of music

This series introduces the six key elements of music including rhythm, texture, dynamics, pitch, form, and timbre. Children will build their knowledge of basic music techniques through a set of fun activities based on each element, and they'll grow their confidence and collaborative skills along the way.
